

## ABOUT OUR CALENDAR & NEWSLETTERS

You will be able to view a monthly calendar on our website throughout the school year. The calendar will be posted at the end of each month for the following month. Important days will be marked on your calendar for example, picture day, special visitor days, special parties, and NO SCHOOL days. You will find the letter and number of the week as well. On each week you will see different words beginning with the letter of the week. These are a few of the different “activities” we will do throughout the week. (Not necessarily on the day it appears.) These can be used as a form of communication with your child before and after their day at preschool.

You will also be able to view a newsletter on our website for each month. This will be much more detailed than your calendar. It will also be posted at the end of each month, but it will explain what we have already done for that month. In the newsletter, you will find a specific section for each subject. In each section, you will read about the new “works” that were introduced along with fun activities we did for each letter of the week.

We hope you will find these forms of communication helpful in understanding more about your child’s experience at school.

We look forward to a great year!
