

## MAKING OUR FIRST DAY SPECIAL

Every one of us is **SPECIAL** in our own way.

On your child's first day of school, we would like for them to bring in something that is special and that they would enjoy showing the other children as well as the teachers. For example, it can be a shell from a beach they visited this summer! It may be a favorite book that they love to read. We want to know what is special about each child. They may want to bring in a picture of their family or a place that they visited this summer. There are so many possibilities! (We ask that it is not a toy and small enough to fit in their bags.)

Bringing in something special from home will also give the children a sense of security on this first day of separation. We look forward to learning about what's important to each child!
