

Permission to photograph your child

Please return by the first day of school

Throughout the school year, we love to capture your children enjoying their days at school. While many parents love to see these pictures posted on our Facebook page and enjoy sharing them with friends and family, some parents would prefer them NOT to be posted on the Country Children's House Facebook page. We completely respect this wish.

Please complete and return this form so we know your wishes.

Thank you! Shelly Wetzel, Director
